

Product Guide

Updated October 2024

Welcome

Since our creation in 2009, Brushy Creek Custom Doors has constantly strived to manufacture custom cabinet products with exceptional quality, provide industry best lead-times, and do it all at a competitive price. We want to surpass your expectations by providing friendly and trustworthy customer service that is second to none.

Our state-of-the-art manufacturing facility uses CNC automation, along with barcode part tracking to assure your order is made exactly to your specifications and always shipped accurate and complete.

We look forward to building a long-term service-oriented relationship that will add value to your business. If I can be of any assistance to you, please give me a call at (864)877-9119 or email me at bobc@bccdoors.com.

Best Regards,

Bob Carter
President

Ordering Information

Order Forms

For clarity and efficiency, please use the order forms supplied by Brushy Creek Custom Doors. These forms can be obtained from our sales department or downloaded from our website: www.bccdoors.com.

Placing Orders

For each order, please fill out all fields in the order form and email or fax to:

Brushy Creek Custom Doors
Fax: (864)877-9194
Email: customerservice@bccdoors.com

Customer Service

Customer service representatives are available by email at customerservice@bccdoors.com or by phone at (864)877-9119, Monday through Thursday 8:00 a.m. until 5:00 p.m. and Friday 8:00 a.m. until noon.

New Accounts

Orders must be prepaid on all new accounts. Prepaid orders will not be placed into production until payment has been received. To open an account, please submit a completed Customer Information Sheet. Upon receipt, a customer service representative will contact you with details regarding your account.

Order Confirmations

Orders are accepted 24 hours a day. Confirmations are normally emailed or faxed within 24 hours of our receipt of your order. If no confirmation is received after 48 hours, please call us to verify that we have received your order. Please check your confirmation for accuracy and call us within 24 hours to make any necessary changes.

Changes and/or Cancellations

Changes or cancellations must be received in writing and will be acknowledged upon receipt. These must be received within 24 hours from receipt of confirmation. Once the order has been placed into production, any changes or cancellations will be at the customer's expense.

On-Line Ordering

After a Customer Information Sheet has been submitted to our customer service team, each customer has the option to place their orders on-line through our portal. Please contact our customer service team if you prefer to order on-line and they will email the instructions to get set-up on the portal and begin ordering on-line.

Rush Orders

Rush orders will be accepted whenever possible. A 20% charge will be added to each rush order. These orders are considered firm and no changes can be made once the order has been placed and cancellations or changes will be at the customer's expense. Certain door styles and colors cannot be rushed due to production time and material availability so please contact us before ordering.

Invoices / Payments

A final invoice will be mailed, faxed, or e-mailed to you. Payment is expected to be made to Brushy Creek Custom Doors within the terms of your account. We accept payments via money order, cashier's check, company check (approved by our credit department), VISA, MasterCard, Discover Card, or American Express.

Samples

A limited quantity of sample doors and/or drawer fronts are available at no charge. Large sample orders will be supplied at a discount. Please contact our sales department with your specific request.

Lead Times

The lead time for standard door styles and colors is 10 business days. True square corner and Jefferson panel profiles may require longer production time. Contact our customer service department for any special needs that you may have.

Ordering Information

Packaging

We package and ship our product according to the size and quantity of each order. If you have special packaging requirements, please contact our customer service department with details.

Delivery Methods & Charges

All prices are FOB Greer, SC. Typically, small orders are shipped via UPS. Large orders are shipped on skids via common carrier to a specified address or held at the carrier's terminal for pickup. Please indicate when ordering if you have special receiving requirements for your delivery. Deliveries made to residential locations will incur additional charges by UPS and common carriers.

Pickup orders must be claimed within five days of the scheduled due date. A storage fee of up to \$50 per month may be added to orders left over 30 days and Brushy Creek is not responsible for orders left beyond the scheduled due date.

Shipping Damage

When a shipment arrives at your location, examine the packaging carefully. If there is evidence of damage or you suspect that there may be hidden damage, open the package immediately in the driver's presence. If you find damage, note it on the shipping document. Do not let the driver leave until you have done so. If you do not have time to inspect your product when it arrives, note on delivery receipt that you did not inspect it. You must inspect the product within 24 hours and notify customer service of any damage claim.

Order Discrepancy / Reworks

Please inspect your entire order to ensure that the condition of your product is acceptable and that the quantity and sizes agree with your order confirmation. If there are any discrepancies or quality issues, please report them to us immediately.

In the event that you receive defective or incorrect product, contact us immediately. You will be asked to provide a brief description, picture of the damage and label, and the date that your order was received along with the order number for reference. We will ship remakes at no charge via regular shipping within three business days. We may request the faulty product be returned for inspection..

Order Receipt

Brushy Creek Custom Doors strives to ship all orders accurately and on time. We make every effort to ensure all orders are produced correctly. However, final inspection of the product is the responsibility of the customer upon receipt.

Product Information

Board Specifications

The highest quality double-refined Medium Density Fiberboard (MDF) is used to provide a smooth surface and superior rout quality on all parts that we manufacture. The back of your parts can be a raw MDF surface, white melamine, or a melamine that is a match to many of the 3D Laminates stocked.

3D Laminate Specifications

We offer a wide selection of 3D Laminates that include several variations of whites, vibrant and contemporary solid colors, realistic wood grains, metallics, abstracts, and exotics. Our 3D Laminates are purchased from reliable, industry-recognized manufacturers. Upon arrival at our facility, each roll of laminate is tested for consistency in color and texture.

Design Specifications

All doors and drawer fronts are 3/4" thick. Standard rails and stiles are 2 1/2" wide on doors. On raised or recessed panel drawer fronts the standard left and right stiles are 2 1/2" wide and the top and bottom rails are 1 1/2" wide. Doors and drawer fronts are manufactured to within +/- 1/32" of the size that you order. Door and drawer front min sizes: 5 1/2" wide x 5 1/2" high (profile permitting). Door and drawer front max sizes: 48" wide x 96" high.

Cleaning

For routine cleaning of 3D Laminated surfaces, use a mixture of warm water (99%) and a mild, nonabrasive dish washing detergent (1%). Using a clean cotton or microfiber cloth saturated with this mixture, wipe in a vertical direction while applying light pressure. To disinfect 3D Laminated surfaces, a solution of water (90%) and bleach (10%) is recommended. DO NOT USE abrasive detergents, vinegar-based cleaners, furniture polish, ammonia, lacquer thinner, or any product with acetone, as these may damage the surface of the 3D Laminate. Also, avoid abrasive brushes or scrubbing pads, as they will scratch the surface. Brushy Creek Custom Doors is not responsible for any damage that is caused by abrasive cleaning agents or processes.

Heat Advisory

Because of the effect high heat can have on 3D Laminate products, you must allow adequate room or install a non-3D Laminate filler between 3D Laminate doors / drawers and any stove or oven. Also, advise homeowners to open all doors & fronts near an oven when (1) operating the self-cleaning mode, (2) broiling with the oven door open, or (3) boiling for a significant period of time. This should allow excess heat to vent away from the doors and drawers, reducing the chance of damage. Obvious heat related damage will void any warranty provided by Brushy Creek.

Warranty

MDF & 3D Laminate products that are manufactured and/or sold by Brushy Creek Custom Doors are warranted against defects in the manufacturing process for a period of **5 years** from the date of the original invoice. Complete warranty information, including all terms and conditions, is contained in our Warranty Certificate that is available via download from our website: www.bccdoors.com or via mail by contacting a customer service representative.

Options

OUTER EDGE PROFILES

¹Boring for Concealed Hinges must be no Less than 6mm Offset from Side of Door.

MDF MELAMINE BACKS

PG = Pricing Group

Panel Options

FINGER PULLS

- ◆ Standard pull is 4" or 6" wide and centered.
- ◆ 7/16" high and 3/16" deep into the edge (11mm x 5mm).
- ◆ Specify top or bottom edge when ordering.
- ◆ Non-standard pull sizes and locations available for an additional charge.

HINGE BORING

Hinge Boring Specs in mm:

Hinge boring is available for the concealed hinges using the **Blum** boring pattern. (Standard bore is 79mm from top/bottom edge to center of hole, is with dowel holes, and is at a 3mm (frame) or a 6mm (frameless) offset (side edge to cup hole). Please indicate boring location in the changes column on the order form (bore left or bore right).

Panel Options

MULTIPLE PANELS / MISC OPTIONS

- ◆ Non-standard rails or stiles are available for an additional charge. Special edging (1, 2, or 3 sides only) is available for an additional charge.
- ◆ Multi-panels and wainscoting panels are available for an additional charge per panel added. Ordering instructions and specifications are given below:

Order as doors. Indicate your specifications in the changes column on the order form regarding number, size & location of panels, rail & stile sizes, and any special edging required.

- ◆ 2 1/2" rails & stiles and 3" panel divider rails & stiles are standard unless otherwise specified
- ◆ Panels will be divided equally unless otherwise specified.
- ◆ Multi-panel edging will match other doors unless otherwise specified.

Specialty Products

CUSTOM TOPS
